

# PAY4VEND

The mobile payment and loyalty  
app for vending

Connect. Pay. Simplify.

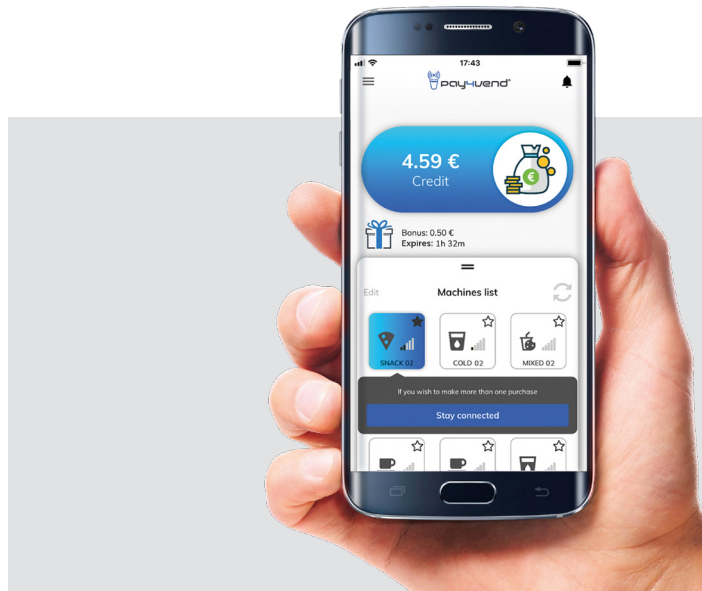

coges

**PAY4VEND**

## Improve customer satisfaction and your incomes

Pay4Vend is Coges' smartphone app designed to simplify payments and boost customer engagement in vending environments, especially in closed environments such as offices, schools, and factories.

With Pay4Vend, users can top up their credit, make purchases, and access promotions directly from their mobile device.

### Bluetooth connectivity

Works even without internet on the vending machine

### Mobile payments

Users pay and top up credit directly from their smartphone

### Loyalty and promotions

Send customized offers and collect feedback in real-time

### Brand visibility

Customize the app with your logo and colors to reinforce your identity

## Increase sales, reduce cash management, and build customer loyalty through targeted offers and real-time feedback.

Cut operational costs by minimizing cash handling and simplifying refunds

Promote brand loyalty with personalized offers, surveys, and rewards

Monitor performance and user behavior through Coges cloud telemetry
